Brennan Healing Science® is an
enlightening system of energy
work that combines hands-on
healing techniques with spiritual
and psychological processes...
touching every aspect of your life.

Based on the living dynamics of our human energy-
consciousness system and its relationship to the greater world
of which we all are intimately a part, Brennan Healing Science
can help transform your life into the balanced, enlightening
experience of mystery that you've always wanted it to be.

This workshop is designed to give you a thorough and
experiential introduction to the transformative work of Brennan
Healing Science, and will take place on Saturday, May 22
(9:00AM-5:00PM) and Sunday, May 23 (9:00AM-4:00PM).

The format of this workshop will include lectures, healing
demonstrations, guided exercises and meditations, hands-on
healing techniques, practice healings and self-healing exercises.

By joining us, you will be introduced to your ability
to give hands-on healings to others, as well as opening your
latent ability to perceive the human energy field. This is a rare
opportunity to step into an expanded view of life, where we
see that we are more than just our physical bodies.

We are beings of energy and consciousness!

These teachings on human energy and consciousness,
health, healing and self-awareness, are at the cutting edge
of human development.

Come experience this weekend and return to your life
renewed, openhearted and transformed!

Massage Therapists can earn 12 CE contact hours.

(\$20 additional processing fee)
